SERVICE & MAINTENANCE

**SHERIDAN LIFTS LIMITED
IS A FAMILY OWNED BUSINESS
SPECIALISING IN ALL ASPECTS
OF LIFT PROVISION.**

**OPERATING SINCE 1979
SHERIDAN LIFTS ARE NOW
ONE OF THE LARGEST
INDEPENDENT LIFT
COMPANIES WITHIN THE UK.**

With our Head Office just outside the Manchester City centre and close links to the major motorways Sheridan Lifts are able to offer a speedy response to lift breakdowns.

Sheridan care for and maintain thousands of lifts of varying makes, age and condition, so whether you have an access platform lift in your care home or a high speed commercial lift in your place of work Sheridan Lifts can tailor a lift agreement to suit your equipment.

In addition to our excellent on site service, this is backed up with our internal software which record, report and informs all of our clients. Engineers are equipped with the latest technology that allows them instant emailing of onsite findings to a Sheridan representative who in turn updates our clients within 24 hours of any site visit.

Sheridan have a fully equipped workshop at our head office in Manchester where a variety of spare parts from a range of OEMs are kept, we also have a workshop manager who ensures stock is replenished on a regular basis, this stock is distributed to our field engineers to ensure each engineer is equipped with a comprehensive range of spare parts on their vans.

Engineers

The team here at Sheridan Lifts are expert lift maintenance engineers who are able to keep all kinds of lift installations in efficient working order and in good repair.

They have a huge wealth of knowledge and services to offer as well as the lift maintenance itself, being able to arrange lift maintenance services and specified safety checks by trained competent persons, and respond quickly to reports of lifts and elevators in need of proper lift maintenance.

In line with our standard lift maintenance services and lift repairs timescales, we can guarantee a quick, efficient and highly professional solution.

The background of the advertisement is a composite image. On the left, a close-up of a hand pressing a button on an elevator control panel. On the right, a high-angle shot of two workers in blue uniforms and yellow hard hats working on a lift platform, likely performing maintenance or installation. The overall color scheme is dark blue and black with metallic highlights.

"In accordance with the law, lift installations are to be regularly examined and given proper lift maintenance..."
